To All Rostered Patients

As a rostered patient in my practice I am writing to let you know that I have submitted my registration from the Greater Peterborough Family Health Organization effective June 30th, 2017.

I encourage you to register with any physician participating in a Peterborough Family Health Team or a North Hastings/Bancroft area Family Health Team, and remind you of the many benefits provided by their allied health professionals. I will forward a copy of your medical file upon request from a new physician and receipt of your signed consent.

I wish to personally thank all my patients for their kindness, understanding and their many Get Well notes and phone calls during my recent health problems.

I believe follow-up of your ongoing healthcare and test results is important, and if I can be of help during this transitional time, please let me know. Thank you again for your understanding and I wish you all the best.

Sincerely,
W.E. Rayes, MD
