A New Playground in Glen Alda

By Barry Rand

Just a little landscaping is needed to finish off the installation of the playground equipment at Glen Alda Community Centre. Swings (adult and child), parallel bars, slide, and climbing apparatus are included. Not yet shown is the swing bench for the adult observers or a romantic couple. The play area is elevated due to the close proximity of the Canadian Shield, and the need for a good depth of sand. This will complete the New Horizons for Seniors Grant, with lighting

and painting in the meeting room, picnic tables, floor and lighting for the picnic shelter, and a flat recreational activity area.

We would like to recognize the efforts of Alex Anastasiou, with the Parks and Recreation Department. He not only painted the hall, laid stone pavers, smoothed concrete, and dug holes for the playground equipment, but also kept the schedule top priority with the Roads Department. He has really adopted our Community Centre, and is a huge resource for any group using it.
