

RE-ELECT

Doug Hutton

Deputy Mayor North Kawartha

ENERGY

INTEGRITY

DEDICATION

- ◆ **Protect our lakes for everyone in North Kawartha** by encouraging that, development be located further away from the water, natural buffer zones be created, and owners' rights are considered
 - ◆ **Provide faster ambulance response times** by keeping the Apsley Ambulance Station or an alternative
 - ◆ **Fight against "severe funding cuts" and increased provincial downloading** that is expected from the new provincial government (Federation of Ontario Cottagers' Associations July 2018)
 - ◆ **Attain sustainability** through responsible financial planning decisions and community planning.
-
- ◆ Professional engineer, grandparent, and permanent resident with community involvement for over 15 years.
 - ◆ Active at the county level with; proposal to close the Apsley ambulance station (CHEX tv report), ATVs, improved internet for our township, and concerns about the management of large infrastructure projects that impact our taxes (Peterborough Examiner Feb 16, 2017)

Voting is by phone or internet from Oct 9 to 22

Did You Know?

About the Brush Factory

In the early 1940's, the "Brush Factory", as it was known locally, was established by Jules Samaan.

Along with his financial partner John N. (Jack) Brown of Youngs Point, Samaan processed balsam brush into oil. The Dominion Essential Oil Company was located on the west bank of Eel's Creek at McFadden Road and Highway 28. Operating in a crude building, local people, including Bill McFadden, cut balsam and cedar brush that was processed into oil in the hand-made still that was used to "cook" the brush.

Jules Samaan, a chemist from Germany, experimented with the manufacturing of hand lotion, perfume and cleaning solvent from the resultant oil. The products were marketed to North American and European distributors.
