Apsley Central Public School

Karen Brohart, Principal

Volunteer Anyone?

In a world that is ever-evolving, education remains a fundamental pillar to long-term success. An exceptional education prepares students to lead change, create new ideas and to be critical thinkers and problem-solvers. At Apsley Central Public School, we pride ourselves on providing students with exceptional learning experiences to foster student achievement.

Together, parents, educators, community partners and students work collaboratively not only on academics, but also on the essential areas of well-being; namely inclusion, mental health and providing meaningful, real-world learning opportunities for students.

Our volunteers remain crucial to the integrity of our school! If you wish to volunteer this upcoming year, please drop by the school office to complete a volunteer application form.

Wishing all of our school and community stakeholders a most successful 2018-2019!

If you have any questions, please contact the Apsley Central P.S. office at 705-656-4231.
