## THE BRIDGE REPORT

by Bob Sutton

No matter how many Bridge tables we have playing, I have no cut-off, or request that you must always have a partner. Whoever comes does not get sent away. This means, at times, we have one extra player, which would be me. I do not mind one bit, as I do get to step-in if a bathroom call comes from someone. Two extra players means that we have a half table, so two players will only sit out for three boards and have a chat or coffee while waiting to play. Three at one table means that as soon as someone is free at the other tables, they will pop over and bid for the single team player, and then go back to their own table

after a contract is reached. So, looking at it from the odd person's perspective, one can experience playing with a number of different players. The last time this occurred at our club, guess who came out on top.

We had a very successful year of Bridge, and I would like to thank everyone who helped with running the club. Special thanks to the staff of the NKCC who set up tables for us every week and sometimes even helped us eat the cookies. Come and join us anytime. All are welcome at whatever your level of play.

To join this Bridge group, come on over into the **North Kawartha Community Centre** and socialize, watch, learn, or play. We play from 1-4 **Tuesdays & Fridays**.
