

Glen Alda Seniors ... continued

Marilyn, with her stalwart hubby Bob, is the *chef suprême* for our first get together in February. For anyone who has been present to sample her culinary skills in the past knows they are in for a treat. They will have some competition however, as Bob and Winnie step into the picture to round out the month, and they as well, always put on a great spread.

February looks like a great and open month of opportunity when you could sample our hospitality if there are any of you older souls out there interested in joining us for one of our meetings. Remember we are a friendly, active, open group, and welcome those of you who care to sample our company.

And finally, for those of you who have never experienced the excitement of *blowing up a beach ball which was at plus 22 degrees, with air which was at minus 22 degrees*, I present the result, which made itself known to me with a large ... BANG! The picture (below) was taken after I assembled all the bits and pieces which were spread throughout the unheated garage where the BANG took place. This means that the Chair Volley Ball, (beach ball), now needs to be replaced.

Remember, we are a friendly, active, open group, so if you wish to join us to see for yourselves what it is all about, give me a call at 705-656-1620.

Below: Doug's photo of the bits left after he accidentally inflated a beach ball with frozen air.
