THE BRIDGE REPORT

by Bob Sutton

In my July 2018 report, I brought your attention to some players showing boredom with a poor hand, while they got excited when dealt a good one. If you get the chance, read Bridge Master Karen Walker's article in the October 2018 ACBL Magazine; she explains it better and in more detail.

Editor's Note: For more information on the American Contract Bridge League see www.ACBL.org. There, you can see their monthly magazine and other bridge-related paraphernalia in exchange for an annual membership fee.

Something New: As the number of players is getting lower (summer people heading home and the rest going

South), this is a good time for new bridge players to join us. Instead of playing the Mitchel system, we play the **Howel** system.

By using Howel with four tables, we play seven rounds with three boards per table, which equals 21 boards and will bring us to about 4:00 p.m.; wherein, all the coffee and treats will be gone. With Howel, everyone plays against everyone else and players alternate between North/South and East/West. See how easy this is, that is until someone says, "Hey Bob, someone has scored on my line!" Thank goodness for my old computer, as it will sort it all out.

If you would like to be a part of our Bridge group, come to the **North Kawartha Community Centre** and socialize, watch, learn, or play. We play from **1-4 on Tuesdays and Fridays**.

For further information, please call Bob at 705-656-9401.
