

Ken Ranney, Stop Climate Change Party

Retired, Octogenarian.

Ken also ran in the June 2018 Ontario election. He has no website or other information available.

However, he's a sure bet to help make sure that the All Candidates Meetings are interesting!

Candace Shaw, New Democratic Party of Canada

705-741-3244

Candace.Shaw@ndp.ca

Candace is a national leader in the arts and cultural sector, with a long history of serving the Peterborough-Kawartha area and revitalizing the region's music community. She is also known nationwide as a forward-thinking arts programmer, curator, juror and performer.

An outspoken women's rights advocate and social commentator, Candace has fought for workers' rights and the rights of people to live affordably and with dignity. To her, this means adding universal drug coverage to our existing health care system and tackling the housing crisis by building new affordable units for all.

Candace lives in Peterborough where she expresses her passion for community building in all that does. She was the Artistic Director of the Peterborough Folk Festival in 2010.

'The Home of the Hawks' - Student Voice

School is a place where we build success for all. Apsley Central P.S. is a place where invitational learning is inspired and collaboration is fostered. Our parents, teachers and students work together to create achievement. We pride ourselves on providing students with exceptional education that prepare them to live, learn and lead in our ever-evolving world. Our community partners are instrumental in sharing in developing our priorities regarding academics, well-being and sports. Through these valuable relationships with parents and the community, we provide our students with a strong start in school, and in life.

The voices of our students are very important. Here is what some of our 'Hawks' have to say about their school experiences:

"Apsley Central Public School is awesome! It has so many opportunities like CAST (our student leadership team), academics and sports. We also have a great breakfast club and after school programs like gymnastics. All of our teachers are encouraging and helpful! School Council provides many playground structures for outdoor play. It is a healthy environment for all students. We are grateful for all of our community partners too!" - Maryn M., Rane O., Kaitlyn H., Jessica W. and Mable M. (Grade 8 Students)

Together we nurture creativity, innovation and ingenuity in our quest for continuous improvement. We foster parental involvement and community engagement to build partnerships that support student learning.
